

Mortar MIXER

TUBMIX 50

The Tubmix 50 is a universal mixer for mortar, tile adhesives, cement, paint and epoxy resins.

Lightweight and portable the Tubmix 50 is an ideal tool for the jobbing builder, contractor or DIY enthusiast.

TUBMIX 50

Safe Operation

Easy to clean tub and paddles

Mix and shift in the tub

The Tubmix 50 is an effective alternative to the traditional drill and mix paddle often used by builders or contractors. This versatile tool can be used for plastering, tiling, mortar and many more building applications.

For a smooth lump-free mix every time, just add water switch on, then gradually pour the powder on to the spinning shield. When mixed the tub can be lifted or wheeled to the job. The tubmix sets the standard for a new method of mixing. Now available to hire or buy.

Features & Benefits

- Suitable for the mixing of tile adhesives, grout, plaster, mortar, paints, varnish, & epoxy resins
